

SEA SLOPES™

FORT ROSS WINERY

HISTORY OF EXCELLENCE

Sea Slopes is inspired by the majestic Sonoma Coast and the steep rugged ridges perched at the golden edge of the continent. Here, the cool maritime climate produces fruit of exceptional quality and allows us to craft wines of great elegance and purity. “We aim to capture the essence of the Coast. These wines are at once approachable, balanced and eminently worthy of the quality standards we have established with Fort Ross” – Owner, Lester Schwartz
